

SARGERT ENVIRONMENTAL CONSULTANTS

305 KIT CARSON ROAD TAOS, NM 87571
(505) 751-3030 FX (505) 751-3434

Estimate

1/29/2010

Proposal: Provide Construction and Commissioning support for the Polishing Wetland to be built on to the Eco-Machine within the EcoCenter located at Cargo Way and Jennings Street at Herons Head Park, San Francisco, CA.

Re: Two site visits, one during construction and a follow up visit during the biological commissioning of the wetland cells and water feature. These site visits will consist of three days on site to provide consulting services to the Landscape contractor to facilitate the proper fabrication and biological commissioning of the wetland and water feature.
