

LEJ Classroom Program Request Form

This form is designed to expedite the process of program planning. Estimated completion time is 5-10 minutes. We will contact you within 10 business days of receipt of your request.

You may return it electronically or by fax to the following contacts:

Heron's Head Park: Anthony Khalil, hhpeducator@lejyouth.org

Candlestick Point State Recreation Area (SRA) Native Plants Nursery:

Patrick Rump, bye@lejyouth.org

Fax: 415/282-6839

Heron's Head Park Program: (For grades K-12 with a curriculum based on California State Science Standards.) A typical program includes an hour-long pre-trip slide show and sense of place activity at your site followed by a 3-4 hour field trip at Heron's Head Park including introduction, habitat restoration, 2-3 activity modules, and lunch time for students. The field trip should occur preferably within a few weeks of a pre-trip program. A field trip can be followed by an optional hour-long post-trip program at your site.

Candlestick Point SRA Native Plants Nursery and Community Garden: (For students in the 5th grade and up.) A typical program includes hands-on activities and lessons in native plant propagation and care, planting natives in Candlestick Point SRA, organic gardening, and composting. The program is an excellent complement to a Heron's Head Park Program. We can accommodate groups up to 25 in size. A program is usually 3-4 hours and includes time for students to have lunch.

Cost: FREE or Sliding Scale (\$0 - \$500). Your tax deductible donation is always welcome.

Today's Date: _____

Your Name: _____

School/Organization: _____

Grade/Age Group: _____ # of Youth _____

Daytime Tel: _____ Evening Tel: _____
